

71 Parents Night Out- Movie Night for Children with Special Needs, Tax help for families

Dearest Advocates:

Below is information regarding an upcoming Parent's night out movie night for children with disabilities at Milton High School. It is a wonderful opportunity for parents to go out (the night before Valentine's Day) and the kids to have a lot of fun with High School students.

Additional information and the flyer can be found on my website at www.heidijmoore.com under "Events".

In addition, below is information regarding The Atlanta Prosperity Campaign that provides FREE tax preparation to households that had earned income of less than \$42,000 in 2008. See below for locations and additional information.

Have a great day,

"UNITED – WE WILL MAKE A DIFFERENCE!"

Sincerely,

Heidi

Addition Information:

See the attachment for a flyer announcing another great Movie Night at Milton for our kids. Word has it they love doing this so much that they want to make it a monthly event! While those of us who have been love it, attendance has been pretty low - please tell other people about this so we can make it a successful tradition. It's a wonderful opportunity to give our kids that thing we are always asking for: inclusion with typical peers in a supportive setting! If you (or anyone you talk to) has questions or concerns, please call me and let me answer them.

Some FAQ's:

1) No, your kid doesn't have to watch the movie. Almost no one does - they play games, do other activities and interact with the Milton students. But if the movie is key - it will be on and they can sit to watch or lie on the floor...and the Milton students will happily join them.

2) Supervision is GREAT. You know those teenagers you always wished you could find to watch your kid ? Here they are - about 20 in one place.

3) "Wanderers" are fine. We'll pair them up with enough Milton students to handle the situation - the Milton kids tag team when we see they are losing focus or getting tired. Actually, they LOVE following them around, working hard to connect.

4) Snacks are served. Usually quesadillas, chips, cookies, juice. You are welcome to bring whatever your child wants.

5) Older kids are not a problem - we say "students", but if you have a young adult who would benefit from this environment, we're fine.

6) There is an entire school hallway devoted to this activity: several classrooms set up so they can move around if they want.

7) Most kids have 2-3 assigned students that will be with them all evening. These kids work really hard for meaningful relating and look forward to seeing the same kids next time. But, if we need to assign more to one kid and fewer to another...that's what we do.

Please pass on to your lists as you see fit.
